

## Pentyrch Bowling Club: Booking Arrangements

The Welsh Bowls Federation has stipulated that all clubs must use a green booking system to ensure safety during COVID-19 and to give all those wishing to play singles an opportunity to do so. A maximum of 6 people is allowed on the green at any one time, playing on alternate rinks.

1. The first games can start at 1 pm and they will last for a maximum of 75 minutes. If demand is not high, time slots can be increased to 90 minutes. Games must be played on either rinks 1, 3 and 5 or 2, 4 and 6. There must be a break of 30 minutes between games on the same rink.
2. A maximum of 24 people can play on any one day (assuming 75 minute slots). If the slots increase to 90 minutes, then 18 people can play on any one day.
3. If you wish to play singles, first arrange it with another member and then contact the *booking officer* to book a specific time, day and rink slot. Different booking officers will be used, possibly on two-week shifts, and their names will be circulated to all members. A booking timetable form will be used by the booking officer, so that a record of all games will be kept.
4. Men's, ladies' and mixed bowls can be played on any day and no days will be set-aside for men's only and ladies' only bowls.
5. There will be no internal competitions or Spoons this year and money must not be exchanged
6. It is vital that the local COVID-19 'rules' are followed carefully and that all mats, jacks, bowls and locks etc are sanitised or disinfected after all games.
7. The toilets, pavilion and changing rooms must be kept locked

at all times. The outside tap can be used, but must be disinfected after use.
